ly laid her on the floor and attacked the man who had done the shooting. A blow with a sandbag caused the young man to loosen his hold and the three masked men made their escape.

Miss Fosburg had been knied almost instantly, the bullet having entered just above the heart.

When the police began their investigation they found that the shooting had been done with a revolver which belonged to a member of the family, and which had been found in a dresser in the house. They began at once to search for clues to the robbers, and they have followed many rumors, but each has run out without arparent results. 

ing the corridors in the vicinity of the District-Attorney's office and the Grand Jury room. There is a feeling of impending calamity in the air, and these Tammany mendo not seem to know how to avert it.

But no satisfaction can be obtained from District-Attorney Philbin. When interrogated on the matter he only leans back in his great leather chair and allows his features to relax into a mystory with the county with such evidence as they had obtained, and the county with such evidence as they had obtained, and the county with such evidence as they had obtained, and the county with such evidence as they had obtained, and the county with such evidence as they had obtained, and the county with such evidence as they had obtained, and the county with such evidence as they had obtained, and the county with such evidence as they had obtained. The Fosburg came here from Buffale to erect an electric light plant for which they had a contract. So far as known, they members of the family were on good terms with each other, but detectives who have been in Buffale hint that all was not peace between them, questions of money and property having arisen to create discord.

If the young man was connected with the commission of the crime. That in itself the pulled is not sufficient to convict him of the robbery. But we hold that man, hooding the construction of the electric light plant.

The manes of liber in the case has been commission. At the recent sitting of the Grand the police have not ceared their investigation.

At the recent sitting of the Grand the count with such evidence as they had obtained from time to time and the police have not ceared their investigation.
